

CCOA STOCK ENGINE COMPARTMENT 2

Car Number _____

ENGINE COMPARTMENT	POINTS POSSIBLE	POINTS DEDUCTED	REASON FOR DEDUCTIONS
Fuel pump —67-73 V-8s, Carter; 74-up Motorcraft—original design, finish & location. (In Concours only: "X" on pump body for appropriate year & engine.)	(3)		
Radiator, hoses & clamps —radiator: Ford-type painted semigloss black with proper core thickness & black rubber overflow tube. Hoses: 67 FoMoCo; 68-71 FoMoCo or Autolite; 72-up Motorcraft. Pedestal clamps on 67-68; wire staples on late 68-73. A/C extra coolant or big blocks must have fan shroud. Bypass hose painted or natural; FE big block, hose and clamps are painted.	(2 ea) (8 max)		
Radiator cap —67-68 SMCO or Autolite ; 69-71 Autolite; 72 up Motorcraft. Either OK in Street Stock, (chrome on dress-up & big block).	(2)		
Heater hoses —black ribbed style with correct color stripe. 67 white stripe; 68-71 may be orange or yellow stripe with or without Autolite logo; 72-73 yellow with Motorcraft logo. Heater hose clamps, pedestal only.	(3)		
Hood release & latches —hood hinges, original style, natural only.	(6)		
Belts —ink-stamped, embossed or debossed; 67-71 FoMoCo or Autolite; 72-up Motorcraft. (Motorcraft OK In Street Stock.)	(2 ea)		
Master cylinder —natural or black. Cap, 67-73, cadmium-plated or black. 67 disc brake decal.	(3)		
Windshield washer/reservoir assembly —67 plastic bag or bottle; 68 plastic bottle with Mercury head on lid; 69-70 plastic bottle with C9ZF on lid; 71-73 has D1T on lid.	(2)		
Firewall, inner fenders —painted semigloss black (some runs in paint acceptable) sound deadener in proper places on firewall.	(3)		
Hood blanket —proper style and material for year. Cars with Ram Air do not have hood blanket. Deduct 2 points for non-moulded reproduction.	(4)		

Exhaust manifolds —natural or painted natural. (In Concours only: bolts should be as original and lift hooks should be in place.)	(4)		
Steering column —should be painted same color as lower dash.	(1)		
Decals —service specification decal; battery test decal; air cleaner decal; Autolite replacement parts decal; 68-up emissions tune up decal; engine ID decal.	(2 ea)		
Smog pump, pulleys & attaching parts —correct style, finish & design for year.	(15)		
Improper color on engine & components —engine color: dark Ford blue entirely, to include engine block, intake manifold, (except Boss 302), thermostat housing, water pump assembly, timing cover, oil pan, oil dipstick tube, oil dipstick handle (except dress-up option). Black components: fan, fan pulley, crankshaft pulley, alternator bracket, A/C compressors, pulleys & brackets.	(2 ea)		
Black or natural components —engine mounts, harmonic balancer, P/S brackets (except aluminum), bellhousing, distributor, distributor hold down bracket. Power steering pump 67-70 should be black or teal blue, dipstick can be color of pump or natural.	(2)		
Aluminum ID tag —visible on intake manifold, usually under coil.	(1)		
PCV valve —proper design and location. (Correct manufacturer in Concours.)	(2)		
Point deduction for any other items not proper or original.	(5 ea)
